

DECA C is monograde diesel engine oil. It is formulated from high quality paraffinic base oil and additive systems to enhance the performance of diesel engines operating under moderate conditions.

## PRODUCT FEATURES

- \* High viscosity index.
- \* Good level of detergency and dispersancy.
- \* Excellent anti-rust, anti-corrosion, and anti-wear properties.
- \* Minimum ash content.
- \* Enhanced anti-oxidant and anti-foaming properties.
- \* High level of stability and consistency during operation.

## APPLICATION

DECA C engine oil is designed for diesel engines operating under moderate conditions. It is recommended for trucks, off-highway vehicles, boats and generator sets. It meets the specification requirement of API CC/SC.

## TECHNICAL SPECIFICATION

Characteristics	Units	DECA C SAE 50
Specific Gravity @ 15.6°C	g/mm <sup>3</sup>	0.900
Viscosity @ 40°C	cST	230.1
Viscosity @ 100°C	cST	19.5
Viscosity Index	-	95
Pour Point	°C	-9
Flash Point COC	°C	250
TBN	mg KOH/g	4.0

**SAE 50**  
**API CC/SC**

## TYPES OF PACKING

Containers of: 1, 5, 20, 25, 208 L

## SAFETY AND HANDLING

This lubricant is made of highly refined base oil and different types of additives. It does not constitute a special hazard or any toxic effects when used properly. Avoid contact with the skin. Prevent any splashing and keep away from combustible materials. Store properly under cover. Dispose off the used oil correctly.
